

## MEEDIN's 'Newcomers Day'

Tuesday 18<sup>th</sup> June, 2024

This 13<sup>th</sup> journée scientifique is dedicated to hearing the research of recently recruited permanent researchers working on the ecology and evolution of host-parasite interactions and health in Montpellier. This is an in-person event that will be followed by an apero on the picnic tables outside batiment 22.

### Where ?

Salle Louis Thaler at ISEM, Batiment 22, University of Montpellier (Triolet Site)

### Program

14.00: **Stephanie Jacquet** (CNRS, MIVEGEC): From host communities to cell biology : deciphering the functional evolution of bat - virus interactions

14.30: **Arnaud Tognetti** (CNRS, Center for Environmental Economics): The behavioral defense against disease: Humans can identify early cues of sickness

10 minute break.

15.10: **Claire Loiseau** (University of Montpellier, MIVEGEC): Can microplastics facilitate the transmission of infectious diseases? Avian malaria as a study model in southern France

15.40: **Alice Baniel** (IRD, ISEM): The social microbiome: the missing mechanism mediating the sociality-fitness nexus in mammals?

16.10: MEEDIN – What's next?

16.30: Apero outside at ISEM
